Commissioner for Patents

The reply filed on is not fully responsive to the prior Office Action because of the following omission:

In the previous Office action, it was set forth in the penultimate paragraph that applicants were required to not only provide a clean copy of the specification and a statement that the substitute specification contains no new matter (referred to as (1) in the penultimate paragraph) [which applicants have provided], but also that a marked-up copy of the substitute specification be provided showing the matter being added to and the matter being deleted from the specification of record. Applicants' response does not contain such a marked up copy of the specification of record. See 37 CFR 1.111.

Since the above-mentioned reply appears to be bona fide, applicant is given ONE (1) MONTH or THIRTY (30) DAYS from the mailing date of this notice, whichever is longer, within which to supply the omission or correction in order to avoid abandonment. EXTENSIONS OF THIS TIME PERIOD MAY BE GRANTED UNDER 37 CFR 1.136(a).
